

### Automatic ACH Electronic Property Tax Payments

Unfortunately, residents who are signed-up for automatic ACH electronic property tax payments were charged “twice” by the Township’s bank today for the 4th quarter tax payment. This error was limited only to people who are signed up to pay automatically through their checking or savings account.

The extra charge has already been reversed and the credit should appear in residents’ bank accounts by tomorrow. We apologize for this error and inconvenience. This error does not impact anyone paying by check, paying through their mortgage company, paying directly online or through other methods.

If you have any questions, please contact the Township Tax Collector’s office 732-521-4405 after 8:30am on Wednesday with any questions.
