Re: Revisions to Monroe Township Code, Chapter 122

Dear Mrs. Reid,

I have reviewed the DRAFT of the changes that Mr. Rasimowicz, Township Engineer, has proposed (see attached) for the following roadways:

- Jessica Drive, Jessica Drive North and Jessica Drive South (Monroe Manor)
- Spotswood-Englishtown Road and Mounts Mills Road (intersection)
- Avenue I and 10th Street (intersection)
- Halsey Reed Road and Ely Drive

I find the recommendations appropriate and in order.

Should you need any further information, please don't hesitate to contact me.

Sincerely,

Michael E. Lloyd

Chief of Police

Re: Revisions to Township Ordinance, Chapter 122
Vehicles and Traffic
Monroe Township, New Jersey

Dear Mr. Weinberg,

Over the course of the last several months, this office has followed up on several resident traffic concerns and conducted reviews of several intersections throughout the municipality to observe changing traffic patterns. Accordingly, I would recommend the following changes to Chapter 122:

Jessica Drive, Jessica Dr N and Jessica Dr S in Monroe Manor

Following a meeting with the Management Company and HOA Board Members the request was made for this entrance/exit roadway to become NO PARKING for the entire length of Jessica, Jessica N and Jessica S. This is the location of a large school bus stop in the community and parking during the morning and afternoon pickup is dangerous for pedestrians. Additionally, we recommend the intersection of Jessica Dr N and Eddington Lane and the intersection of Jessica Dr S and Eddington Lane become STOP intersections on the Jessica Dr approaches. Again, this will allow safer pedestrian movements for residents using the recreation facilities and the clubhouse, located in this area.

Section 122-14 and 122-38 be revised to create a STOP intersection:

Jessica Dr N at Eddington Lane
Jessica Dr S at Eddington Lane

Section 122-06 and 122-30 be revised to restrict parking at all times:

Jessica Drive	Both Sides	The entire length
Jessica Drive N	Both Sides	The entire length
Jessica Drive S	Both Sides	The entire length
Eddington Lane	Both Sides	Within the intersection of Jessica Drive

Spotswood Englishtown Road and Mounts Mills Road Intersection

Improvements continue at this newly signalized intersection. The geometry at the intersection suggests that all approaches should have NO RIGHT TURN ON RED restriction to allow for the safest turning movements.

Section 122-20 and Section 122-44 be revised to establish NO RIGHT ON RED:

Mounts Mills	Both Directions	at Spotswood Englishtown Rd
Spotswood Englishtown Road	Both Directions	at Mounts Mills Road

Avenue I and 10th Street Intersection

Over the last 20 years, the roadways in this area have expanded one at a time and included an improvement at the captioned intersection, making Avenue I the through street and 10th Street the stop street. Since that time, the traffic dynamics have changed with 10th Street naturally becoming a collector road and the most direct route to CR615. Ave I is a cul-de-sac to the East. We recommend removing the stop signs on 10th and establishing a stop intersection on Ave I at this location.

Section 122-14 and 122-38 be revised to create a STOP intersection on 10th St at Ave I:
Avenue I at 10th Street

Halsey Reed Road and Ely Drive

This is technically one roadway that extends from Applegarth Road to Cranbury Station Road (both of which are county roadways). Ely Drive runs through the residential neighborhood of Stratford and has a speed limit of 25 mph. This road changes names to Halsey Reed, but continues through additional sections of the Stratford development, including age restricted apartments. Additionally, Fire, EMS and the Senior Center driveways are on Halsey Reed near the intersection of Applegarth. It is most appropriate for truck traffic over 4 tons to utilize the county roadways to traverse the municipality, where traffic control devices, wider roadways and speeds have been established to accommodate their needs. Accordingly, we recommend Halsey Reed Road and Ely Drive as 4ton weight restricted road.

Section 122-11 and 122-35 be revised to establish 4Ton Weight Restriction:

Ely Drive Entire Length
Halsey Reed Road Entire Length

This recommendation is being forwarded to the MTPD for review and comment. If you require additional information to support these recommendations, kindly advise. If you have any questions regarding this matter, please do not hesitate to contact me.

Very truly yours,

Mark Rasimowicz, PE, PP, CME
Township Engineer
